

**Frank Mezzagosto , Group Marketing Manager, ICA Group,
Sydney NSW**

"Tony Fountain was my introduction into Auctions in the Ray White Group , at the time he was responsible for the Auctions for the whole Group. He was also the Auctioneer on the sale of my on home!!

When you mention Auctions, Tony is the first person that comes to mind having being one of the Key individuals to implement Auctions in the Real Estate Industry.

He has been on many lifestyle Television programs and is highly regarded in the industry.

A true professional and "Top Bloke" and a great sense of humour which was evident in his ability to take the stress out of the Auction process. A true champion and pioneer whose integrity, service to the industry and experience is with out question."
