"I first meet Tony in 2002 dating back to when I worked with him as a colleague at Ray White Corporate (Sydney). During this time Tony assisted me in building my auctioneer's career with sound advice, training and roleplay's. He is personable and has a great rapport with his colleagues as well as his large clientele.

After this time, I joined a successful Ray White office as a Sales Manager, Tony conducted many auctions for my team and I as our preferred Auctioneer, our team loved him, our clients loved him, his experience is certainly very evident and clear when he addresses the floor. On top of this he has a great sense of humour which many auctioneer's lack."
