SUCCESS STARTS WITH A DREAM

G'day there

What did you dream you wanted to be when you were younger? A fireman? A lawyer? An astronaut? A nurse? A millionaire before you were 30?

Did your dream come true?

It did! Wonderful! You are a dreamer of the day.

No?

Why? What happened to your dream; why didn't it happen? How was it knocked off course?

Senator Edward Kennedy said, when giving the eulogy to his slain brother Robert: *"He was a man who said 'some men see things as they are and say, why? I dream things that never were and say, why not?'"*

You have to dare to dream. You have to develop a mental attitude like that of Robert Kennedy.

In my public speaking career, I have often used a speech called "Success Starts with a Dream" as my keynote address and many times I have been asked to write it up as a book.

So why write it now?

Mainly because I see a lot of people, particularly in our industry of real estate and its peripheries, now questioning much of life - of how they are handling it, and how to get their "place in the sun", as it were.

My hope is that you can learn from other people's wins and losses (which I draw on in the book), and that you also will dare to dream.

Success starts with a Dream is now available as a downloadable e-book. Simply click on the hyperlink above, follow the "shopping cart" instructions and then download your copy. The recommended retail price is \$22.00 (including GST).

Happy reading and I hope that something I have written can turn your light on and set you on the road to achieving your dream too.

Carpe diem

Tony
