"It was both rewarding and insightful to have attended your course which shed plenty of light on how to properly conduct yourself as an auctioneer and I've found the "non-conformist" approach is much more appreciated by auction crowds. The DVD and critique has given me plenty of ideas on how to improve in areas which needed attention while encouraging my strengths.

It was astounding to watch my improvement over the day, from my first auction conducted in record time to my last which was both structured and confident.

Your casual delivery of the information and relaxed atmosphere I have no doubt helped my learning immensely. Once again thank you for an excellent training session, it was well worth the money!"
